www.corporateshootingstars.com.au

Thank you for your recent enquiry in regards to our Corporate Shooting Stars Clay Target Shooting events.

Our 'Fun with a Gun' events offer you the unique opportunity to try the Sport that has given Australia so many Olympic Medals. For your first shooting experience: **Our Team** will provide you with one-on-one tuition to ensure your day is unforgettable.

You and your group, if you wish to bring people, will be completely thrilled by this very intimate, entertaining experience where fun and action go together with the excitement of hitting the target.

What Does a Clay Target Shooting Day Involve?

Our Clay Target Shooting Day normally involves:

- Learning the basics of shotgun shooting. Your Host will instruct you with safety rules and Clay Target Shooting basics. Once this first phase ends, you will move to the shooting field.
- Warm up: you and your partner will shoot a variety of targets to get familiar with Clay Target Shooting or enhance your existing skills.
- Participating in a fun competition with your partner. Each of you will be presented a prize at the end of the competition.
- All licenses and public liability insurance are included.
- First class equipment is provided: firearms, ammunition and all other equipment supplied. All the equipment is professionally chosen by Russell and Lauryn and is similar or identical to the ones they have used during their careers.

Safety, A Very Important Matter

To guarantee the safest environment, Corporate Shooting Stars conducts its events within the confines of un-intrusive safety cages. Due to the design of the cage, it is impossible to point the gun towards any other person. Your coach will load all guns and are the authorised representatives with access to the ammunition.

Packages

Fun With A Gun

- Practical warm up with instruction. During this stage, all the safety rules will be accurately explained.
- Fun Competition between the participants. Should you decide to participate alone, you can challenge one of our coaches or just enjoy shooting more targets.
